About Me

Confident and sincere individual with a passion for designing and development. My strong communication and socializing skills enable me to collaborate effectively with diverse teams and stakeholders. I possess a deep-seated enthusiasm for learning and can quickly adapt to new technologies and challenges with a relentless commitment to excellence.

Projects

Portfolio Website

Developed using HTML, CSS, Bootstrap and JS that showcases my designing and creative skills.

"Vflair" app

An app that conducts club auditions for the universities through their uploaded short videos.

MLSA SREC Website

Official MLSA Website developed by the Web dev team of Microsoft Students Ambassadors SREC.

"AquaC" app

An app that identifies the type of aqua trash through images and registers a complaint to the concerned Authority.

Diabetic prediction using ML

Predicting diabetes through several pulse points of a person using machine learning.
